SPECIAL TECHNIQUES

w&t = wrap & turn

On the right side of the work: work until the stitch which has to be wrapped and turned. Move the yarn on the front side of the work, slip one stitch on the right needle as to purl it, move again the yarn on the back of the work, slip back the wrapped stitch to the left needle and turn your work. Go on working in the opposite direction. On the wrong side of the work: work until the stitch which has to be wrapped and turned. Move the yarn on the back of the work, slip one stitch on the right needle as to purl it, move again the stitch on the front of the work, slip back the wrapped stitch to the left needle and turn your work. Go on working in the opposite direction. How to work wrapped stitches: On the right side of the work: lift the wrapping yarn from the front side of the work, put it on the left needle, and knit the yarn and the stitch together. On the wrong side of the work: lift the wrapping yarn from the back of the work and put it on the left needle, purl the yarn and the stitch together.

I-cord edge:

With the working yarn cast on 3 new stitches: move them back on the left needle and knit them. Move them back on the left needle, knit 2 stitches and knit 2 stitches together through the back loops: from now on you start to work this way all the stitches in the round. Move the 3 stitches on the left needle and repeat the pass we just explained, that is: knit 2 stitches, knit 2 stitches together through the back loops.

Keep going knitting this way until all stitches have been worked.

Bind off the stitches joining the just knitted stitches with the ones you casted on.

Cut the yarn and weave in the ends.
