“BIO” Hat

by Chiara Chiavacci

Borgo de'Pazzi
F I R E N Z E

Materials:

- 3 Bio yarn balls in different colors (tot 150 gr)
- S/4 double pointed needles or 2 circular needles in different colors or materials: 4,5 and 5,00 mm
- Row counter

Gauge 1

16 st x 20 rows = 10 cm (stockinette st – 5 mm needles)

Hat size: 56 – 58 mm

Decrease/increase 4 st for every size (smaller/larger).

Stitches:

K (knit)

P (purl)

2x2 Rib (K2-P2)

Inc: increase – knit from front and back loop (1 stitch increase)

Dec: decrease – K2Tog = knit 2 sts together

Notes:

When changing yarn color, leave all yarns attached; Put the yarn balls “on hold” inside the work, so that the yarn “crossing” appears on the inner side of the hat.

In order to avoid lack of tension, hold yarn slightly tighter on first stitches of every needle.

Bio Hat

Using 4,5 mm needles, cast on 84 stitches.

Row 1-14: Rib st 2x2 (K2-P2)

Change to 5 mm needles
